

28 March 1967

MEMORANDUM FOR: 25X1A9a [REDACTED] OTR
SUBJECT: IPC Research Papers

25X1A9a Below are some suggested topics for IPC Research Papers per your request [REDACTED] and our subsequent telephone conversation.

1. To what extent has over application of the "need to know" policy interfered with proper and efficient use of Agency capabilities and products?

2. What specific uses have been made of the NIS General Survey disseminated within the DD/I and were they useful for the purpose for which they were consulted?

3. What specific uses have been made of the NIS Basic Intelligence Factbook within the DD/I and was it useful for the intended purpose?

4. To what extent is there a problem of conflicting priorities for OCI and ORR analysts doing basic research studies?

5. Map and Chart Plotting by Electronic Devices.

6. The Cartographer in Support of Intelligence Production.

7. Maps: Who Needs them?

8. The Role of Research in Map Production.
